

**Sunday, March 22, 2020**

Good morning.

Tomorrow morning we will launch **BOOKER TECH**, our remote learning platform.

## SCHEDULE

You should plan to follow the schedule below as “work time” until all classes go to Zoom – live classes. Which means that on Monday from 10:00-10:50, we expect that sixth graders will be going to Google Classroom and doing their humanities work, that seventh graders will be doing math, and eighth graders will be doing science. In fact, your teachers may ask you to hand in something by 10:50, so it is important that you stay on schedule and keep up with the work.

Anyone who does not have internet or technology yet should work on the assignments and materials that you picked up last week at school. Your teachers will also be in touch about what to do.

## ZOOM

We are not using Zoom for teaching classes tomorrow. We have some adjustments to make. Some teachers may schedule some Zoom meetings to get you warmed up, but these will not be instructional classes. If you don't have a device yet, but you have a phone, you can download the Zoom app.

Each teacher has a ZOOM personal id number, or what we will call a ROOM NUMBER. Every time you have science, for example, you will go to your science teacher's room number. A list of all the room numbers will be sent. In addition, before we launch Zoom, you will get a schedule with the links to the teachers. Please note, parents, that unless you are invited to the class, you may not join in.

## EXPECTATIONS

On the first day that we go live (using Zoom,) you will start with homeroom. At that time, your homeroom teacher will go over our expectations of you and some of the rules related to using Zoom.

I look forward to seeing you on Zoom and to helping you continue your learning.

Dr. Elster

## SIXTH GRADE SCHEDULE

		DAY A Monday and Thursday	DAY B Tuesday and Friday	DAY C Wednesday Work Day
1	10:00-10:50	HUM	Math	Homeroom (10:00-10:20)
2	11:00-11:50	HUM	Language/Reading	Grade-Wide Activity
