Art with the Jewish Museum

The class is taught by Jewish Museum educator, Hollie Ecker.

This class is for students who wish to explore new techniques in 2-D and 3-D materials including sculpture, drawing, collage, and painting. Students will use work in Jewish Museum exhibitions, *Edith Halpert and the Rise of American Art* and *Rachel Feinstein: Maiden, Mother, Crone*, as inspiration for their own artwork. Priority in the fall is given to students in 6th and 7th grades on a first come basis.

This class was made possible by the Jewish Museum and is supported by Councilmember Mark Levine through public funds from the New York City Department of Cultural Affairs.

Thursday, 3:15 – 5:00 p.m. 9/26/19 – 12/12/19

Engineering Club

This club will build a better future with engineering! In this club, students will learn about careers in engineering and learn about the process engineers use to solve problems through hands on activities. Students will tackle challenges that simulate real-world problems by using the engineering design process. Ultimately, students will come up with an original engineering design that they will present at the end of the session at our Family Engineering Exposition.

Students with supervision run this club through the Barnard College Education Program from Barnard faculty.
